Subject: CAMA Letter -Letter of Support for ICC-ES Staff Proposed Extension of AC01 Compliance Date

Dear Manuel,

With reference to the public comment offered by Mr. Clayton Gable of ITW, CAMA supports ICC-ES Staff's proposed extension of the AC01 compliance date to August 21<sup>st</sup>, 2025, on the grounds that further upcoming changes and/or clarifications to assessment procedures in AC01 are anticipated. This extended compliance date will offer the opportunity for anchor manufacturers to reflect the clarified requirements in their published reports.

If you have any questions, please contact the CAMA office.

Sincerely,
