A Subsidiary of the International Code Council®

CSI: DIVISION: 22 00 00—PLUMBING
Section: 22 00 00—Plumbing (Irrigation)

DIVISION: 32 00 00—EXTERIOR IMPROVEMENTS
Section: 32 80 10—Irrigation System Controllers

Product certification system:

The ICC-ES product certification system includes testing samples taken from the market or supplier's stock, or a combination of both, to verify compliance with applicable codes and standards. The system also involves factory inspections, and assessment and surveillance of the supplier's quality system.

Product: Hunter® Industries Spray Sprinkler Bodies

Listee: Hunter® Industries
1940 Diamond St.
San Marcos, California 92078
www.hunterindustries.com

Compliance with the following standards:

EPA WaterSense Specification for Spray Sprinkler Bodies (Version 1.0, 9-21-17 edition)

Identification:

The product or package must bear the manufacturer's name, model number, presence of check (if applicable), presence of integral pressure regulation or pressure compensation (if applicable), and the EPA WaterSense logo.

The product and/or its associated packaging or documentation shall identify the regulation pressure and the maximum operating pressure at the inlet.

Installation:

Spray Sprinkler Bodies are to be installed in accordance with the manufacturer's instructions and the applicable code.

Instructions for the installation, adjustment, operation and servicing of sprinklers shall be provided on packaging, specification sheets, web pages, product catalogs or other publicly available means.

Model:
