ICC-ES Building Product Listing Program Continues Rapid Growth

Record numbers of listings demonstrate manufacturer confidence in ICC-ES

The [ICC Evaluation Service](#) Building Product [Listing Program](#) provides manufacturers with credible documentation that their products are compliant with standards used in the building industry. ICC-ES, the experts in building product evaluation and certification, issued a record eight new Building Product Listings in the last two months, demonstrating manufacturers confidence in ICC-ES listings. Two of the listings have U.S. and Canadian evaluations. ICC-ES listings advance manufacturers certification scope and indicate to code officials they are approving building products that meet the requirements of specific consensus standards referenced in building codes.

“Our technical expertise, product knowledge and high-quality standards ensure timely evaluation and issuing of report listings,” said ICC-ES President Shahin Moinian, P.E. “We are thrilled with the continued growth and success of the Building Product Listing program led by Danny Wong, P.E.,

The latest manufacturers to receive ICC-ES Building Product Listings are:

- [ESL-1013](#) Quest Construction Products, LLC dba United Coatings – UNISIL HS
- [ESL-1035](#) NCFI Polyurethanes – Insulstar® and Insulbloc® Spray-Applied Polyurethane Insulations

About ICC-ES

A nonprofit, limited liability company, ICC-ES is the United States’ leading evaluation service for innovative building materials, components and systems. ICC-ES [Evaluation Reports](#) (ESRs),

[Building Product Listings](#) and [PMG Listings](#) provide evidence that products and systems meet requirements of codes and technical standards. The ICC-ES Environmental Programs issue VAR environmental reports that verify a product meets specific sustainability targets defined by today's codes, standards, green rating systems and ICC-ES [environmental criteria](#). The Environmental Programs now offer Environmental Product Declarations ([EPDs](#)), to meet global market demand for science-based, transparent, quality-assured information about a product's environmental performance. ICC-ES is a member of the [ICC](#) Family of Companies. For more information, please visit www.icc-es.org.
