

ICC Evaluation Service, LLC Fee Schedule for Building Product Listing Reports

Effective August 1, 2024

TABLE 1—NEW LISTINGS^{1,2,3,12,18}

BASIC FEE*	EACH STANDARD AFTER FIRST	EACH DESIGN AFTER FIRST	FEE FOR SIGNIFICANT TECHNICAL REVIEW ¹¹	FEES FOR REVIEW OF QUALITY DOCUMENTATION AND QUALIFYING INSPECTION ^{6,7,8,9}
\$2,995	\$800	\$800	\$2,030	See Table 5

*The basic fee for a private-label follower listing is \$2,495.¹⁵

TABLE 2—ONE-YEAR RENEWAL^{2,3,10,18}

BASIC FEE*	EACH STANDARD AFTER FIRST	EACH DESIGN AFTER FIRST	eCODES	FEES FOR EACH SURVEILLANCE INSPECTION ⁷
\$2,495	\$400	\$400	\$395	See Table 6

*For renewal of private label listings, only the basic fee and the eCode fee applies; there are no additional fees.

TABLE 3—TECHNICAL REVISION DURING LISTING PERIOD^{2,3,12,18}

BASIC FEE*	EACH ADDITIONAL STANDARD	EACH ADDITIONAL DESIGN	INSPECTION FEE ^{6,7,8,9}
\$2,495	\$400	\$400	See Table 6

*When a master listing is revised, any related private label follower listings must follow suit. Private label follower listings, therefore, are subject to the editorial revision fee.

TABLE 4—EDITORIAL REVISION DURING LISTING PERIOD^{2,3,18}

BASIC FEE*
\$1,755

*When a master listing is revised, any related private label follower listings must follow suit. Private label follower listings, therefore, are subject to the editorial revision fee.

TABLE 5—QUALITY DOCUMENTATION REVIEW, AND QUALIFYING INSPECTIONS^{6,7,8,9,18}

ACTIVITY	FEE
Review of new documentation	\$1,195
Review of new documentation, with inspection	\$2,845
New qualifying inspection based upon previously reviewed documentation	\$2,845

TABLE 6—FEES FOR SURVEILLANCE INSPECTIONS^{6,7,8,9,13,18}

ACTIVITY	FEE
Surveillance Inspections of manufacturing locations which produce products under multiple listings that share the same quality documentation, including private label follower listings. ^{6,13}	\$645
Surveillance inspection (U.S. and Canada)	\$2,845
Surveillance inspection (outside the U.S. and Canada, excluding the Middle East and Oceania)	\$3,345
Surveillance inspection (Middle East and Oceania)	\$4,345
Quality Control Self-Assessment Review	\$395
Witnessing of testing ¹⁴	\$250 per hour

TABLE 7—NEW SCC LISTINGS FOR ANCHORS, FASTENERS, AND DOWEL-TYPE FASTENERS²

BASIC FEE*
\$5,295

*Separate ICC-ES Evaluation Report Application is required.

TABLE 8—ONE YEAR RENEWAL SCC ANCHOR & FASTENER PRODUCTS LISTING^{2,10}

BASIC FEE
\$4,795

TABLE 9—TECHNICAL OR EDITORIAL REVISION DURING LISTING PERIOD FOR SCC LISTINGS, ANCHORS, FASTENERS, AND DOWEL-TYPE FASTENERS²

BASIC FEE*
\$1,755

*When the ESR report is revised, any related revisions need to be applied to the SCC Anchor Product Listing, therefore, the listing report is subject to the editorial revision fee.

NOTES FOR TABLES 1 THROUGH 9:

- ¹ The basic fee covers a product listed to one standard. Additional standards can be added for additional fees. ICC-ES staff will determine the standards that can be recognized in a single listing. Applications for new listings must be accompanied by the basic fee.
- ² Fees are nonrefundable. The basic fee covers the application for Tables 1, 2, 3, 4, 7, 8, 9 and one year of listing maintenance.
- ³ An application, unless otherwise noted, is reviewed under the latest editions of the applicable International Codes.
- ⁴ A *manufacturing listee* is a company name appearing on an existing evaluation report listing that is in addition to the report holder's name, and manufacturers the product under the report listing. Each manufacturing listee is \$1,250 at first issuance and at renewal.
- ⁵ A *private label listee* is a company name appearing on an existing evaluation report listing that does no manufacturing under the evaluation report, but merely takes the manufactured product and sells it under its own private label. Each private label listee is \$620 at first issuance and at renewal.
- ⁶ If a manufacturing facility has had a previous qualifying inspection for an evaluation report or listing, a second qualifying inspection may not be needed where the previous qualifying inspection is deemed sufficient by the reviewing technical staff.
- ⁷ The listee will be charged an additional \$300 per hour for inspections requiring more than three hours.
- ⁸ Travel expenses for qualifying inspections are to be paid by the listee. If a qualifying inspection is necessary and the manufacturing facility is located within the U.S. or Canada, travel expenses will be billed at \$750 per facility; if the manufacturing facility is located outside the U.S. or Canada, travel expenses will be billed at \$1,950 per facility.
- ⁹ For non-domestic inspections, the inspector's travel time will be billed at \$800 for each 8-hour day in excess of one 8-hour day.
- ¹⁰ Renewal involves an annual review of the listing to verify that:
 - The standard or the code governing the product has not undergone any revision that affects the listing.
 - The listed product has not changed, from the initial submittal or since the previous inspection, as to product formulation, raw materials, suppliers of raw materials, or manufacturing method.
 - There are no complaints or legal actions pending, related to code compliance, about the products covered by the listing.
 - The applicable ICC-ES Rules of Procedure or policies have not changed in such a way as to affect the listing.

- ¹¹ Additional fee charged for significant technical review, where the review will entail more than eight engineering hours.
- ¹² For applications where supporting data includes test reports from non-accredited laboratories, an on-site assessment of the facilities of each such laboratory shall be conducted as set forth in the ICC-ES Rules of Procedure for Building Product Listing Reports. An assessment fee of \$1,005 per assessor day, plus expenses, is applicable. Assessor travel time is billed at the rate of \$800 per 8-hour day. Typically, an on-site laboratory assessment takes one assessor day.
- ¹³ In the case of reports featuring private label listees, this fee will be charged for each such listee, and the result multiplied by the number of inspected manufacturing facilities. For follower reports that do not involve private label listees, the fee is charged for the follower and multiplied by the number of manufacturing locations.
- ¹⁴ This fee applies when an ICC-ES representative witnesses testing as part of the inspection of a manufacturing facility.
- ¹⁵ Private label follower listings are separate listings that may be issued to distributors of products already covered in a listing. An agreement is required between the existing listing holder and the new applicant for a follower listing.
- ¹⁶ If a file/listing becomes inactive for 2 years or more, a \$995 annual fee will be assessed.
- ¹⁷ Without an application form, minor editorial corrections to a published listing can be processed, with a written request from the listing report holder and a processing fee of \$995. Also, minor administrative revisions to the listing file can be considered without an application form, such as: (a) Change in office address; (b) Move of manufacturing location, without significant changes; and (c) Removal of a manufacturing location.
- ¹⁸ For listings to standards that are equivalent to ICC-ES Acceptance Criteria, the fees will be according to the Fee Schedule for Evaluation Service Reports.
