ICC-ES Issues First WaterMark Certification to Chaozhou Chao'an Changie Ceramic Co. Ltd.

ICC-ES's rigorous evaluation process confirms adherence to the requirements of the Plumbing Code of Australia.

Brea, CA -- ICC Evaluation Service (ICC-ES) proudly announces the issuance of its [first WaterMark certification](#) to Chaozhou Chao'an Changie Ceramic Co. Ltd. This significant milestone highlights ICC-ES's commitment to advancing global standards and ensuring the highest levels of safety and quality in plumbing products.

WaterMark certification, a mandatory requirement for plumbing and drainage products installed in Australia, ensures that products comply with the requirements of the Plumbing Code of Australia (PCA), authored by the Australian Building Codes Board (ABCB).

Chaozhou Chao'an Changie Ceramic Co. Ltd.'s Dual-Flush Toilet has been rigorously evaluated to meet the Australian Standard AS1172.1:2014 (Amdt 1: 2018) Sanitary Plumbing Product – Water Closet Pans. This certification signifies the product's adherence to strict safety and quality standards, crucial for public health and safety. Key features include robust materials, efficient water usage, and reliable performance, ensuring sanitary conditions and contributing to the prevention of waterborne diseases.

"Our first WaterMark certification issued to Chaozhou Chao'an Changie Ceramic Co. Ltd. underscores our dedication to providing trusted certification services that support manufacturers in meeting international standards and accessing new markets," said Dawn LaFleur-Qualley, Vice President of ICC-ES PMG. "Our team's expertise and commitment to excellence ensure that certified products are of the highest quality and safety for residents in Australia and abroad."

Kailin Deng, owner of Chaozhou Chao'an Changie Ceramic Co., expressed his enthusiasm, stating, "We are thrilled to expand into Australian markets with our WaterMark certification from ICC-ES. This certification not only validates our commitment to quality but also opens up new opportunities for us to provide our innovative plumbing products to a wider audience."

Issuing this first WaterMark certification marks a significant step forward for ICC-ES in expanding its certification services globally. This milestone demonstrates ICC-ES's ability to provide internationally recognized certification services, fostering trust and reliability in plumbing products worldwide.
