

To: Parties Interested in ICC-ES Canadian Acceptance Criteria (AC)
Items to be Discussed at the September 18, 2025, Canadian
Evaluation Committee Meeting WebEx Event

From: ICC-ES Staff

Date: July 10, 2025

Subject: WebEx Event Instructions

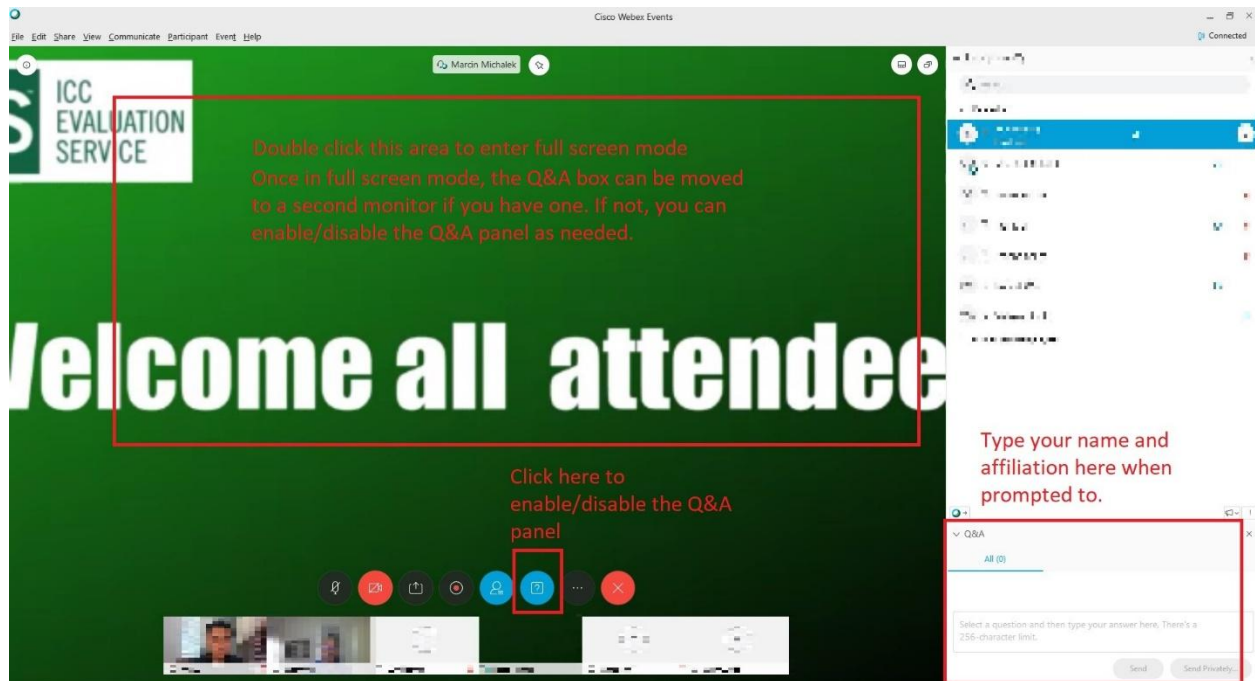

MEMO

- 1) You must pre-register on the ICC-ES website if you intend to join the WebEx Event and speak on the ICC-ES AC item. You can pre-register here:

Registration for September 18, 2025: [Click Here](#)

- 2) If you intend to submit a presentation, it must be submitted to ICC-ES at es@icc-es.org by Monday, August 25, 2025, in Microsoft Powerpoint file format. Please see the attached instructions on formatting of Microsoft Powerpoint presentation slides. This will help make sure that the presentations are legible during the WebEx Event.
- 3) All speaker time limits will remain the same as for in-person meetings of the ICC-ES Evaluation Committee. Please see the memo with the time limits for testimony here:

[Time Limits for Testimony Given at ICC-ES Committee Meetings](#)
- 4) At the appropriate time in the agenda, the ICC-ES WebEx Host will ask the WebEx Event participants if anyone wishes to speak on an AC item. At that time, type your name and affiliation into the WebEx Q&A Window. No questions will be answered via the Q&A Window feature. It will only be used for queueing speakers up on each AC item. All testimony will be verbal through the WebEx Event.

- 5) You will be notified when you can speak by the WebEx Event Host and the WebEx Event Host will unmute you. Please state your name and affiliation clearly to begin your comments.
- 6) If you have a presentation to show, it will automatically be displayed on the WebEx screen corresponding to the speaker. When you are ready for the next slide, please say "next slide please" and the WebEx Host will advance the slide.
- 7) The speaker timer will also appear on the WebEx Event screen. Keep an eye on your allocated time. When the time is up, the speaker will then be muted. If there are any questions from the Evaluation Committee or ICC-ES staff for the speaker, the WebEx Host will unmute the speaker again and then mute when the response is completed. Time to respond to questions from the Evaluation Committee or ICC-ES staff does not count (same as for in-person Evaluation Committee meetings).
